AGent VERSO Library Software

The West Woodstock Library is now using the AGent VERSO library software system to process all library circulation functions. North Woodstock Library and May Memorial Library are also now using the same system.

You can access your personal account to see what books you have checked out, their due dates and other information by logging onto the system. To do this, please visit the library's web site home page at www.WestWoodstockLibrary.org and click the link to "Find a Book" or "Search the Library's Catalog". This will open up a new browser window similar to the one shown below. Click on "Account Login" and that will bring you to a page that looks like this:

Use the barcode number on your library card as your "Username" and type "userpass" into the password field when you first login. You'll then be prompted to create your own password for future visits.

If you have any questions or problems please let us know and we'll be glad to help!!
